SUMMARY OF THE DASHBOARD

- Built an interactive Power BI Financial Health Dashboard for analyzing company performance.
- Visualized Income Statement, Balance Sheet, and Cash Flow data with dynamic charts.
- Used DAX measures for custom calculations like Profit, Discounts, and Growth trends.
- Added Forecasting & Trend Analysis for future financial planning.
- Designed with a professional color theme and clean card-style layout for better readability.
- Delivered actionable insights to support budgeting, planning, and decision-making.

"The dashboard highlights sales, profit trends, and financial health, enabling better budgeting and decision-making."
